**APPLY AS A FOLIAR FERTILIZER AND DRENCH**

Nutri-Kelp takes the benefits of kelp to the next level. This powerful liquid fertilizer delivers nutrients to optimize pH and help protect plants and soil from harmful exposure to heat and drought stress. Nutri-Kelp can be used alongside or mixed with other fertilizers, insecticides, fungicides, and herbicides. For best results, apply early in the morning or in the evening.

Nutri-Kelp is a liquid fertilizer and biostimulant that takes the benefits of kelp to the next level. Nutri-Kelp was developed by combining 100% cold processed Norwegian sea kelp, vitamins, enzymes, organics, and essential nutrients to resolve the soils nutrient deficiencies. Nutri-Kelp contains NutriRelease™ Technology to optimize absorption which grows stronger root systems, abundant produce, and richer foliage. Nutri-Kelp's beneficial nutrients combined with potassium creates a powerful formula that optimizes the correct pH level, protecting your plants and soil from the harmful exposure of heat and chemical extraction, and drought stress. Nutri-Kelp is ideal for any cool or warm season grass, plant beds and pots, trees, gardens and more.
